Hi

I found the following sites on Google who are violating the Digital Millennium Copyright Act: . A description of the copyrighted work or other intellectual property that you claim has been infringed;

Acoustica Audio Converter Pro (AACP)

This user friendly audio converter will convert MP3, WAV, WMA, CDA & OGG files with just a right click! It seamlessly integrates into Windows and is always accessible without having to bring up a clunky, screen-hogging interface. It has a high quality 32 bit converter engine that makes pro quality conversions to and from the most common audio formats. An integrated audio CD ripper is also included! Just right click on a CD track and rip or convert it to WAV, MP3, OGG or WMA file!

Professionals will find this tool indispensable.

Home hobbyists will find Audio Converter Pro a very handy addition to their arsenal of audio tools.

Mixcraft? Recording Studio is multitrack audio software with effects, featuring Reverb, Delay, EQ, Compressor, Flanger and Chorus, as well as resonant filters and a powerful loop editor. The high performance 32 bit sound engine supports broadcast quality WAV files and will even import compressed MP3, OGG & WMA files. Use it to record your own music, your band or even a remix for a dance recital. The amazing fact about home recording today is that you really only need a computer and good multitrack recording software such as Mixcraft to create amazing sound! When you've finished your mix, publish it to the Internet as an MP3, OGG, WMA or RealAudio file

CD/DVD Label Maker Create your own CD/DVD labels and jewel cases with the ultimate in ease and flexibility! If you are sick of guessing what songs are on what CD, get the label maker that automatically puts your track list on your CD/DVD label! Chock full of custom art for holidays and special occasions like Christmas, Valentines, birthdays, vacations, weddings and more! Automatically imports your track information from Acoustica MP3 CD Burner, iTunes, WinAmp, Easy CD Creator or any other popular play list or previously burnt CD!
