RE: DMCA Complaint

Dear Google, Inc. Customer Support, DMCA Complaints

We have identified a website found through a Google search who has violated our copyrights under the DMCA. The infringing work we refer to appears on **www.eee888.com**. It is a verbatim copy of the latest version of our copyrighted website **www.simonandbaker.com**, as of today's date, in its entirety. It even includes our name and logo. The whois information for the website owner is in China. The infringed material has been posted to the web with only the copyright information replaced.

Search Query: "Kamalame Cay" – is currently the only page in the Google index, but has displaced our identical page and pushed us down 15 places in the index.

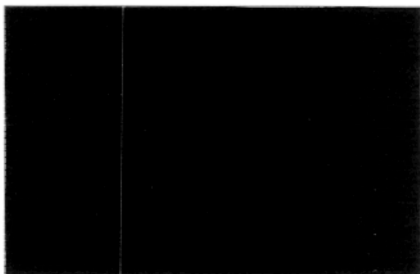

Our contact information is:

Simon & Baker, Inc.  
[REDACTED] Boca Raton, FL 33496

"I have a good faith belief that use of the copyrighted materials described above on the allegedly infringing web pages is not authorized by the copyright owner, its agent, or the law." And "I swear, under penalty of perjury, that the information in the notification is accurate and that I am the copyright owner or am authorized to act on behalf of the owner of an exclusive right that is allegedly infringed."

We request that you remove them from your indexing process; and notify any third parties and the public of this infringement at your earliest convenience. We would appreciate a reply. Thank you for your assistance!
