FAX [REDACTED] Attn: [REDACTED]

Subject: 9Corp Website: [www.9Corp.com](http://www.9Corp.com)

I am requesting that you remove any and all information on Google about a firm called 9Corp and Vortex Technologies, Inc. (distributor for 9Corp).

If one goes on the Google website and types in "Ground Transient" information comes up on both 9Corp and Vortex Technologies, Inc.

9Corp is violating our US patent number 6,385,029. They are also violating our copy written material both in print and off our website... [www.pvacorp.com](http://www.pvacorp.com)

9Corp is a shell corporation owned by a firm called Perlo Technologies, LLC, [REDACTED] St. Charles, IL. Their website is... [www.perlo.com](http://www.perlo.com)

PVA Enterprises Corporation has a NDA signed with Perlo Technologies which states they can not compete, use any of our copy written material, etc. I am including a copy of the NDA that was signed by Perlo Technologies and PVA. They Perlo and their shell company 9Corp have no right to use any of our copy written and patented information. The same is true for Vortex Technologies which also comes up on the Google search engine when types in "Ground Transients."

Perlo Technologies and Vortex have repeatedly ignored our requests and are now falsely listing their shell company 9Corp on Google and other search engine websites as being the owner of PVA's patented technology.

They are even using copy written material both in printed form and off our website that states they received the EC&M 2003 Product of the year award. This to is false information and the award belongs to our firm PVA Enterprises Corporation.

I am requesting the following URL's to be taken off the Google website
