

I sent Google notice of a number of copyright infringements via the telefax number now provided two week ago. However, I have not heard back from anybody, which is unusual based upon my past experience with these types of complaints. Therefore, I am asking for your help in getting these to the correct person and handled, if they have not arrived.

Unfortunately, I am writing to you again concerning another copyright matter, on behalf of our client, Religious Technology Center ("RTC"), the owner of the confidential Advanced Technology of the Scientology religion and the holder of exclusive rights under the copyrights applicable to the Advanced Technology materials. The Advanced Technology materials are unpublished, copyrighted works. RTC's works include, among others, the individual works comprising levels known as "NOTs." These works are registered with the United States Copyright Office under registration numbers: TXu 257-326 and TXu 257-527.

Please be advised that RTC's copyrighted works were posted again on the Internet without the authorization of our clients and are now accessible from Google's usenet archive, in violation of United States copyright law. We request that these works be deleted from Google's archive. They are located under the following URLs and Message Ids:
